Subject: Re: Follow Up: EPA/Harris County Collaboration

Thank you, Sir. I appreciate our discussion today and continued teamwork. I've cc'd the EPA PIO that are present supporting.

I just got off the phone with Craig Hill of Harris County. He's been a primary contact since this started.

Adam,

It was a pleasure meeting you this afternoon. I will be working to get you a contact soon that can serve as a liaison between Harris County and the environmental effort at the ICP, as well as support your efforts.

In the meantime, I am looping in Lizeth Hernandez and Liz Campbell who are currently leading our Regional Joint Information Center. Also included are Kristin Callahan with Deer Park and Rachel Moreno with the Fire Marshal – they are collaborating on Deer Park issues. If you would be so kind as to connect them with the EPA communications folks, they can start a dialogue on working together in the coming days.

Thanks so much and I appreciate the thorough update today.

We are here to help,
